Welcome to CalAgPermits!

How to submit a <u>Structural</u> Monthly Summary Pesticide Use Reports (MSPUR)

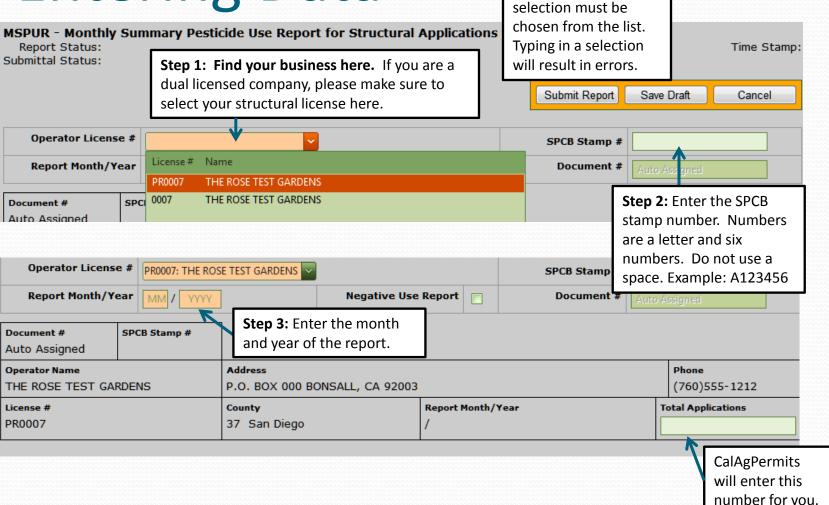

CalAgPermits is used for all pest control operations in California. Therefore, there are many sections that may not pertain to the type of pest control you do. The page below is the first page which you will see after you successfully log in.

Revised 07/09/2014

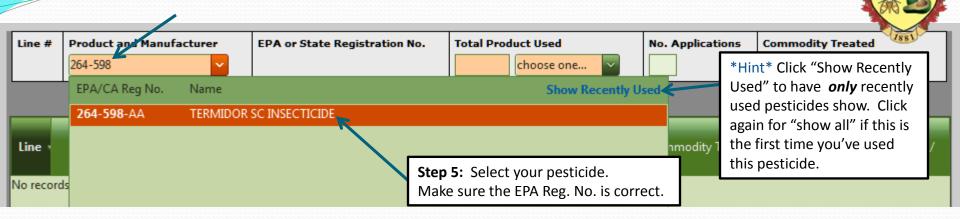

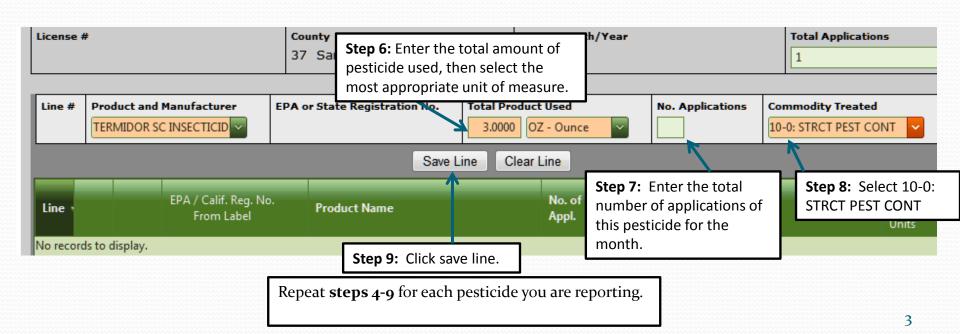

Entering Data

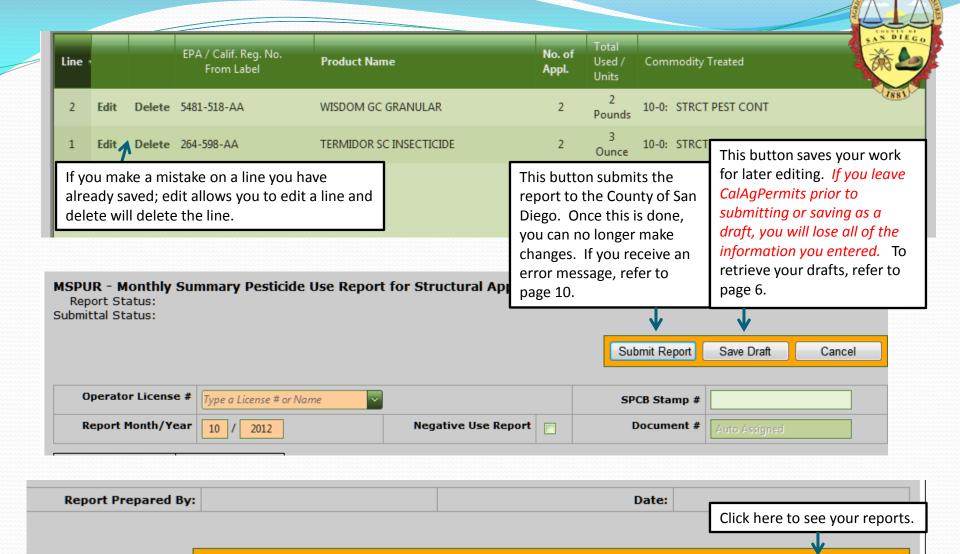

*TIP * Boxes with drop down arrows: Your

Step 4: Start typing the EPA Reg. No. found on the pesticide label. CalAgPermits will immediately start searching for it. Searching by EPA No. is more accurate than pesticide name. Don't forget the dash.

Hint Dual Licensed
Companies will have two
license numbers here if they
are doing a MSPUR for each
license.

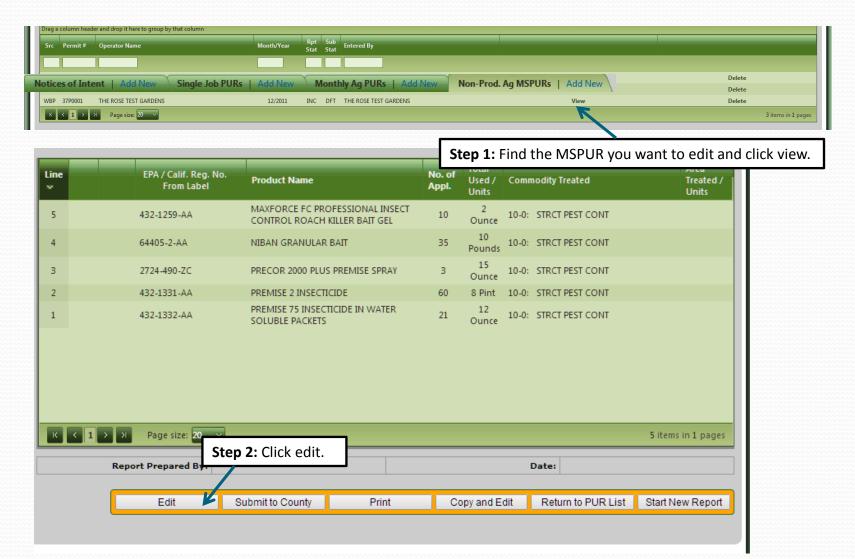

Make sure your date range is correct.

Make sure the Non-Prod Ag MSPURs tab is selected.

If you receive this error message it means you submitted two MSPURs for the same month where the pesticide and the amount used is exactly the same. You should only be submitting one MSPUR per month.

If you make an error on your MSPUR and have <u>not submitted</u> it to the county please see page 7 to make the edits.

If you realize you made an error on your MSPUR and you <u>have</u> <u>submitted</u> it to the county, email PRP.AWM@sdcounty.ca.gov and ask to have your MSPUR unsubmitted so you can make changes. Make sure to specify which MSPUR needs to be unsubmitted. After your MSPUR is unsubmitted and you have corrected it, you will need to resubmit it to the county.

Copy and Edit Feature

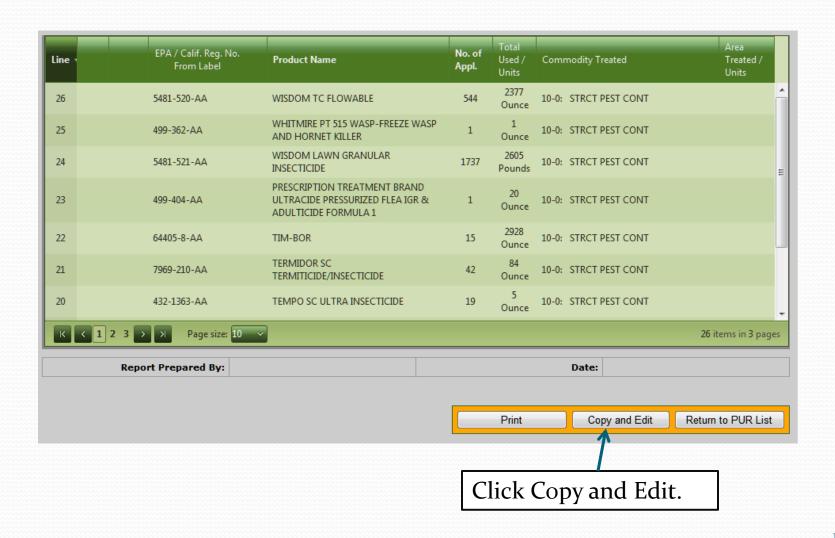

The Copy and Edit feature is a great time saver if you use the same pesticides routinely. The feature copies the pesticides from the selected month; allowing you to only have to edit the date and application information.

Start with the month with the most similar pesticide use. Click View.

Copy and Edit Feature

Click Edit to enter the number of applications and the amount used. For editing assistance please refer to page 8.
